LEISURE

What is this life if, full of care,
We have no time to stand and stare.

No time to stand beneath the boughs
And stare as long as sheep or cows.

No time to see, when woods we pass,
Where squirrels hide their nuts in grass.

No time to see, in broad daylight,
Streams full of stars, like skies at night.

No time to turn at Beauty's glance,
And watch her feet, how they can dance.

No time to wait till her mouth can
Enrich that smile her eyes began.

A poor life this if, full of care,
We have no time to stand and stare.

Students should study in a conducive environment. They should choose a place which is quiet and peaceful that will enable them to concentrate better. It is advisable to stay away from things that distract them such as computers, tablets, i-Pads or even television.

Next, many excellent students have cited that they join a study group to obtain and maintain good grades. This is a forum where they can share knowledge, exchange ideas and seek for help from their peers. If this does not work for them, they should seek help from their teachers. The teachers are actually their best references.

Lastly, one very important reminder for all students is never study at the last moment. It will only add unnecessary pressure on them. Students might experience hyper-tension or mental blackout.

In a nutshell, success can be achieved if they practise the tips given and do not rely on pure luck.
